## IMPORTANT INFORMATION

This brochure is for guidance purposes only. Please be sure to check our full current and technical specifications with your retailer before placing your order. Auto-Sleepers design its Motorhomes to provide a variety of potential uses for its customers. Each vehicle features the optimum storage, fluid, seating and sleeping capabilities. While the customer enjoys this potential, they have the responsibility to select the proper combinations of loads without exceeding the chassis weight capacities. Please note that imperial conversions have been rounded to the nearest inch. Dimensions are based on vehicles with standard wheels. All weights and dimensions are subject to manufacturing tolerances and refer to standard specification models and do not include any options. Data & accuracy: The contents of this publication are as accurate as possible at the time of going to press (Feb 2025), but this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Details of performance, dimensions and weights are subject to minor deviations within manufacturer tolerance limits (max +/- 5%). Effective 1st February 2025. This literature supersedes all others.

\*Hot water in 3 minutes for washing up and water for a hot shower after 8 minutes. (Heating time in gas and hybrid mode with a temperature difference ≤ 25°C (e.g. tank 13°C - shower temperature 38°C) and a water flow rate of 3.5 litres per minute, limited by supply of gas, electricity and water and lifespan of the product.)
