

CAMPERVANS

Time For Adventure

Versatile and practical, these Panel Van Conversions are perfect for both everyday trips and extended getaways. Their compact design makes navigating narrow country lanes and finding parking effortless. Inside, you'll experience the luxury and craftsmanship synonymous with Auto-Sleeper motorhomes.

DISCOVER THE 2025 RANGE

TIME TO SEEK ADVENTURE

The Auto-Sleeper Fiat campervan range sets the benchmark for premium panel van conversions, blending performance, comfort, and advanced technology. Built to full UK specifications and NCC Approved, these campervans feature the latest Truma CombiNeo heating system for continuous hot water, a Fiat Series 2 Ducato Turbo Diesel engine, and enhanced driving aids including a touchscreen media console, rear observation camera, Glide-Rite semi-air suspension, and Fiat driving safety technology. Inside, enjoy modern habitation upgrades such as a 100Ah lithium leisure battery, Scandi-style habitation ceiling, 100W solar panel, and a space-saving underfloor LPG gas tank with LED level gauge. Designed for both adventure and everyday convenience, this range delivers outstanding practicality without compromising on luxury.

READY? LET'S GO!

The flagship Auto-Sleeper campervan range is undoubtedly the benchmark for every other panel van conversions to be measured against. Whether you're embarking on a weekend getaway or a long-term road trip, an Auto-Sleepers campervan provides a luxurious and comfortable retreat, allowing you to explore the world in style and at your convenience. With their exceptional craftsmanship and thoughtful design, these campervans offer travelers the ultimate blend of comfort and adventure.

FUNCTIONALITY MEETS COMFORT

Designed for adventure, these campervans combine the latest touring technology with spacious, versatile interiors—perfect for carrying all your gear, whether you're heading to Cornwall for a spontaneous surf trip or exploring the rugged beauty of the Peak District for two weeks. Thoughtfully designed layouts ensure

everything has its place, making it easy to store your equipment while still enjoying a comfortable living space. And after a day of outdoor pursuits, you can return to the comfort of a hot shower, a home-cooked meal, and a cosy space to unwind and recharge."

It's all about the details:

LED reading lights and chrome locker handles are just some of the little touches of quality that take our campervans to the next level.

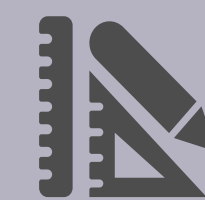

Semi-Air Suspension

For enhanced performance the suspension has been upgraded to a Glide-Rite Semi-Air Suspension System.

Grade 3 Thermal Insulation

All 2025 Auto-Sleeper Campervans have achieved Grade 3 classification for heating and thermal insulation.

Superior Craftsmanship

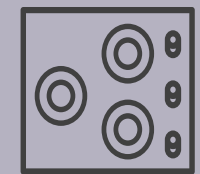

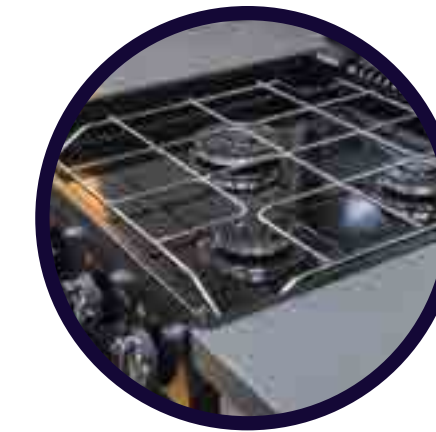

Handcrafted interiors with premium materials and adaptable layouts to suit relaxation, dining, or sleeping needs.

FUEL YOUR ADVENTURE

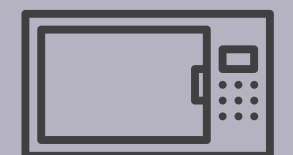

After a day of adventure, there's nothing better than a satisfying meal. That's why every one of our campervans comes with a fully equipped kitchen, featuring a three-burner hob with an extractor fan, oven and grill, fridge freezer, and microwave—giving you everything you need to whip up anything from a quick energy-boosting snack to a hearty roast dinner with all the trimmings.

Prefer to dine under the open sky? No problem! With convenient external BBQ points, you can easily hook up your gas BBQ and have a delicious outdoor feast ready in no time.

3 Burner Hob

Kitchens include a flexible 3 burner hob with separate oven and grill.

Microwave Oven

All Camervans feature a 230v Dometic microwave oven for convenient cooking on tour.

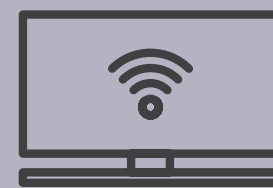

Fridge-Freezer

Keep your food fresh with the large 3 way refrigerator with freezer compartment

DREAM BIG, EXPLORE MORE...

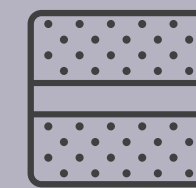

After a day of exploring, there's nothing better than unwinding on a spacious, supremely comfortable bed. When evening falls, our campervans make the transition from lounge to bedroom effortless, with intuitive seating-to-bed conversions that provide sumptuous double or single sleeping arrangements, depending on the model.

For couples in the Fairford and Fairford Plus models, the cleverly designed layout allows the rear double bed to stay made up—perfect for when it's time to drift off without the hassle of rearranging furniture. And for those seeking the pinnacle of comfort, the Kingham model offers the ultimate indulgence: a luxurious fixed French bed for a truly restful night's sleep.

LED Interior Lighting

Create the right interior atmosphere with bright, energy efficient LED lights. Including easily positionable reading spotlights.

Durable Upholstery

Our fabrics have passed the Martindale rub test over 100,000 making them more durable with enhanced longevity.

PACK MORE INTO EVERY JOURNEY

Bringing along surfboards, kayaks, or mountain bikes? No problem—our campervans are designed with smart, spacious storage solutions to accommodate all your gear. Thoughtfully engineered from the ground up, these vehicles maximize internal storage, ensuring you have plenty of room for your essentials while keeping everything secure and easily accessible.

For even more flexibility, optional external storage options such as rear bike racks and roof rails provide additional space, making it easy to take your adventures even further.

SHOWER, REFRESH AND RECHARGE

Our multifunctional washrooms cleverly combine shower and toilet facilities to maximise space and convenience, making them perfect for both on-site stays and off-grid adventures. In the Warwick XL, enjoy the added luxury of a separate shower cubicle with an extractor fan for extra comfort. Designed with ducted blown-air heating and

half-length mirrors, the washroom also serves as a private dressing area, giving you a practical, self-contained space whenever you need it.

This keeps everything in line with British English while maintaining clarity and a professional tone. Let me know if you'd like any further refinements!

EXPERIENCE POWER & PERFORMANCE

CUTTING EDGE ENGINES

FIAT 140bhp Manual Gearbox & Optional 140/180bhp Automatic Gearbox)

For 2025, the Auto-Sleepers Fiat Coachbuilt range is equipped with state-of-the-Art Multijet3 engines, delivering the latest advancements in fuel efficiency and environmentally conscious diesel technology.

Fiat's new generation of engines, designed specifically for campervans and motorhomes, ensures top-tier performance, exceptional reliability, and significantly lower fuel consumption and CO₂ emissions.

The Ducato Multijet3 powertrain lineup offers a versatile selection to enhance your journey. The 2025 models feature a range of automatic engine options, including 140hp and 180hp variants, all boasting reduced noise levels, lighter weight, and best-in-class fuel economy.

New 10" Display

Perfectly fitting with the new dashboard, the 10" Radio NAV Touchscreen HD colour display features Wireless Apple CarPlay / Android Auto for mirroring Apps & Maps, embedded Navigation with the ability to set the external dimensions of the vehicle, USB or Bluetooth connectivity and Pinch & Swipe technologies.

Displaying Rearview Camera with Dynamic Gridlines, it includes DAB tuner and Steering Wheel Controls and it is linked to Automatic Air Conditioning via touchscreen.

Ultimate Comfort

Every aspect of the 2025 Auto-Sleeper range has been crafted to deliver unmatched comfort during your travels. Fiat Ducato cabs are equipped with ergonomic captain seats featuring supportive armrests, a leather steering wheel, cruise control, and cab air-conditioning, ensuring that every drive is as enjoyable as the destination.

Safety First

2025 Auto-Sleeper Coachbuilds feature the latest driving technology to keep you as safe as possible out on the road, all models feature:

- ESP/ESC for enhanced stability.
- ABS brakes with EBA (Emergency Brake Assist) and EBF (Electronic Brakeforce Distribution).
- Daytime running lights for improved visibility.
- Tyre pressure sensors to ensure optimal performance
- Pre-installed S7 vehicle tracker for added security.
- Rear fog lights for safer driving in low-visibility conditions
- Driver and passenger airbags to protect all occupants.

DESIGNED FOR COMFORT AND CONVENIENCE

Wherever your journey takes you, Auto-Sleeper motorhomes are designed to deliver a practical and comfortable experience every time you travel.

Our expert designers have carefully crafted layouts that maximize space while providing generous storage throughout.

To complement these smart designs, we use only the finest materials and high-quality equipment, ensuring every Auto-Sleeper motorhome meets the highest standards.

For added convenience, an underfloor LPG gas tank frees up valuable storage space while offering greater efficiency and cost savings.

And with every model achieving Grade 3 classification for thermal insulation, your motorhome is ready for year-round adventures—so you can escape to the outdoors in comfort, no matter the season.

Glide-Rite Semi-Air Suspension (Premium Pack Upgrade)

For enhanced performance, the rear axle suspension has been upgraded to a Glide-Rite semi-air suspension system. This system provides additional support to the existing steel suspension by utilising bespoke Firestone air bags mounted between the leaf springs and the vehicle chassis. This enhancement ensures the vehicle maintains a constant ride height regardless of payload, preventing the rear from sagging and improving stability and handling, especially when fully loaded. By maintaining the optimal ride height, the suspension components experience less stress, potentially extending their lifespan and reducing long-term maintenance costs.

USB & USB-C Sockets

Stay powered up wherever you go with USB and USB-C charging points strategically placed throughout the motorhome habitation areas.

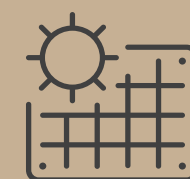

Spacious storage facilities

To help make the most of your interior space, our designers have included numerous space saving storage options to safely and securely stow your equipment and luggage.

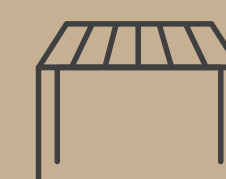

Dine Al'Fresco!

Feel like making the most of some glorious weather? All Auto-Sleeper models feature external BBQ points for quick and easy outdoor dining.

100W Solar Panel*

Be more self-sufficient and save money on your next holiday thanks to the included Solar Panel

All Year Touring

All our 2025 campervans are designed for all year round use - featuring efficient heating systems & excellent thermal insulation.

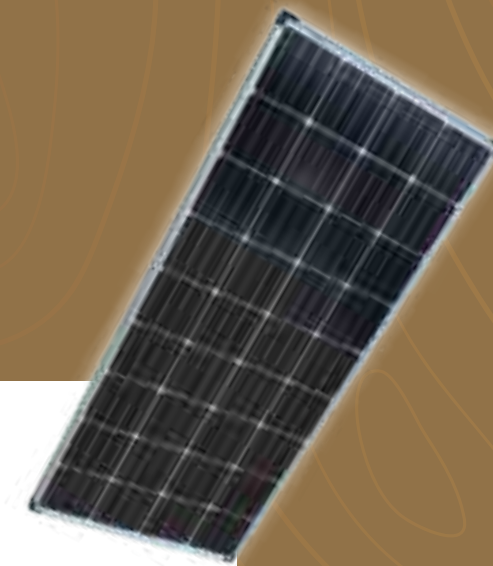

Underfloor LPG Gas Tank

25 litre underfloor mounted LPG gas tank installed, offering hassle free practicality with numerous benefits.

THE LATEST TOURING TECHNOLOGY

For 2025, Auto-Sleeper models have been fitted with an exciting range of equipment to further enhance your trips away. Improved Security features, stylish exterior looks, plus be the envy of everyone on the campsite and stream all your favourite media from iPlayer, Netflix and Spotify thanks to internet connections up to 5x stronger than standard mobile connections.

NEW FOR 2025

Auto-Sleepers Exclusive Truma CombiNeo

Fiat models now feature the all-new Combi Neo, a compact and efficient dual-fuel system from Truma. This advanced central heating and hot water system ensures optimal comfort and convenience on your travels.

5G Ready Wifi

(SIM card required)

All 2025 Auto-Sleeper coachbuilds are fitted with powerful 5G ready Mobile broadband equipment designed to improve internet connectivity on your touring excursions.

100ah Lithium Battery Fitted As Standard

2025 Auto-Sleeper models benefit from the upgraded 100Ah Lithium Iron Phosphate leisure battery, now fitted as standard for enhanced performance and long-lasting, reliable power on your travels.

Truma FLOJET 12V Water System Pump

The 12v Flojet water pump is ideal for providing a continuous and consistent water feed throughout your motorhome's water system.

Ultrasonic Water Sensors

Auto-Sleeper motorhomes now feature Ultrasonic Water Sensors for precise, contactless monitoring of fresh and waste water levels. These sensors provide accurate readings, reduce maintenance, and ensure a hassle-free experience on every journey.

FIAT DAB+ infotainer with 10" display screen*

This top-class touchscreen DAB+ radio infotainer from FIAT with rear observation camera offers tourists true mobile convenience: calls, messages, Apple CarPlay & Android Auto smartphone integration.

100W Solar Panel*

Be more self-sufficient on your next holiday with the included 100W solar panel, harnessing renewable energy to power your motorhome. Whether off-grid or cutting energy costs, it provides a sustainable way to keep your devices running.

GPS Sargent S7Tracker Pre-Installed

(£100 Annual Subscription applicable)

2025 Auto-Sleeper motorhomes are protected 24/7 with the Sargent S7 Tracker, offering advanced security and peace of mind wherever your journey takes you.

Underfloor Mounted 25 Litre LPG Tank

A 25-litre underfloor-mounted LPG gas tank provides hassle-free practicality. It frees up storage space, replaces heavy gas bottles, and ensures an extended supply for heating, cooking, and hot water.

Truma Aventa Comfort (optional)

Enjoy a pleasant indoor climate in Summer thanks to the optional roof-mounted Aventa Comfort air conditioning system from Truma.

*Premium Pack

Welcome To Innovation. Welcome CombiNeo.

- ALL-NEW FOR 2025
- INSTANT* HEATING
- ENDLESS* SHOWERING

A New Era Of Heating.

COMBINEO

The CombiNeo from Truma, exclusively fitted to Auto-Sleeper Fiat-based motorhomes, represents the next generation of heating and hot water solutions. Combining innovative design with powerful performance, the CombiNeo offers instant* heating and the ability to enjoy endless* hot water within three minutes and hot shower after 8 minutes of activation, whether using gas, electric, or hybrid modes. This advanced system delivers up to 7kW of thermal output, ensuring reliable warmth and comfort. With its compact, lightweight build it saves space while providing flexible installation options. Seamlessly integrated with the Truma iNet X system, the Combi Neo enables intuitive control through a panel or app, offering convenience and adaptability for modern motorhome living.

ENDLESS* HOT WATER

Perfect for long showers – no matter where or how many there are.

SHORT HEAT UP TIME

Regardless of whether in gas, electric or hybrid mode: warm water is available within 3 minutes.*

2 IN 1 HEATER

Room heating and hot water combined in one compact device

ELECTRIC OPTION

Electric operation also possible – particularly quiet and emission-free.

EASY TO USE

Intuitive operation via the Truma iNet X panel or app.

EFFICIENT HEAT

Fast and energy-saving heating up of the living area.

NEW FOR 2025

Auto-Sleepers
Motorhomes of Excellence

EXCLUSIVE

*Hot water in 3 minutes, hot shower after 8 minutes heating time in gas and hybrid mode with a temperature difference $\leq 25^{\circ}\text{C}$ (e.g. tank 13°C - shower temperature 38°C) and a water flow rate of 3.5 litres per minute, limited by supply of gas, electricity and water and lifespan of the product.

TRUMA I NET X SYSTEM

Experience unparalleled comfort on the go with the Truma iNet X System. Effortlessly control the CombiNeo heater and Truma air conditioning systems via the panel or the Truma iNet X app. With the far-field module Truma iNet X Connect, you can even manage your devices remotely from almost anywhere in Europe, whether you're on the ski slopes, at the beach, or hiking. Additionally, you can check the current status of your Truma devices and vehicle with ease.

AVENTA COMPACT PLUS AIR CONDITIONING SYSTEM

All Auto-Sleepers have the option of having an Aventa compact plus conditioning system installed. The Truma roof air conditioner excels with its performance power – Although being especially efficient and economical in consumption the Aventa turns the vehicles into a feel good zone thanks to its high performance. The powerful cooling capacity ensures this on hot summer days. In cool nights the economical heat pump function (2 ventilation steps) ensures pleasant temperatures. At the same time the air is not only dehumidified, but also cleaned by a new honeycombed air filter.

The integrated sleep-mode reduces speed of the ventilator in the night and so by very silent air distribution a particular smooth running of the air conditioner is achieved. The single adjustable air-outlets offer various possibilities to dispense the conditioned air in the vehicle.

FLOJET 12V PUMP

The Flojet 12V water pump, designed by Truma, ensures a continuous and reliable water supply throughout your 2025 Auto-Sleeper motorhome. Engineered for performance and efficiency, this pump provides consistent water pressure, making it ideal for smooth operation of taps, showers, and appliances. Its durable build and quiet operation enhance comfort while traveling, ensuring a dependable water feed for all your needs.

HAVE IT YOUR WAY

Auto-Sleepers have been hand-crafting motorhomes to stand the test of time for over 60 years and we believe that your motorhome should be tailored to be exactly how you want it. That's why we offer numerous personalisation options to enable you to customise your vehicle to meet your requirements.

EXTERNAL CAB COLOUR

Auto-Sleepers campervans come standard with exterior cabs in 'Artense Grey'. In addition to this standard colour, there are three other options available: 'Ducato White', 'Expedition Grey', and 'Lanzarote Grey'.

These colour choices allow you to personalise your campervan's exterior to match your preferences. For more information on these options and to see them in person, please contact your local Auto-Sleepers dealer.

ARTENSE GREY (METALLIC)

DUCATO WHITE

LANZAROTE GREY (SPECIAL SOLID)

EXPEDITION GREY (SPECIAL SOLID)

THE LITHIUM DIFFERENCE

Auto-Sleepers are fitted with 100ah Lithium iron phosphate leisure batteries (LiFePO4 or LFP) which offer lots of benefits compared to lead-acid batteries. Including, longer life span, extremely safe, lightweight, improved discharge and charge efficiency, all whilst providing a long life span.

- Heavy on power. Light on weight**
 Compared to lead-acid batteries lithium provides great energy density and are at least half the mass. Go for lithium if you want to reduce concerns about battery weight, performance and size.
- Long lifetime. Lower costs**
 A huge advantage to lithium technology is the life cycle rating which far surpasses alternative technologies. Lithium batteries operate ten times longer than lead-acid.
- Quick and efficient**
 Lithium can charge and discharge at a high rate providing maximum versatility. Fast charging minimizes downtime, and lithium's high rate of discharge is perfect for a burst of power.
- Low self-discharge**
 Lithium batteries have a very low self-discharge rate; <3% per month. Compared to lead-acid this is 10 times lower.
- Maintenance free**
 Lithium batteries don't require active maintenance to extend their service life and include built in automatic overcharge protection.

5G READY WIFI

When you venture out in your Auto-Sleeper, our aim is not only to provide you with features that offer opulent luxury and comfort, but that are also practical and useful to maximise your holiday enjoyment every time you travel.

Our expert motorhome designers have designed the internal layouts of our motorhomes to optimise efficiency of the living spaces; balancing freedom of movement with storage of equipment and features.

BIKE RACKS & LOADING BARS

Campervans have the option of being fitted with various bike racks and load bearing rails, perfect for transporting large sporting equipment. Speak to your local dealer about your best options.

SEAT BELT SAFETY

Seat belts for the front cab seats in motorhomes have always been installed by the base vehicle manufacturer since the law required them to do so and wearing them is a legal requirement whenever the vehicle is being driven.

However, seat belts in the rear of a motorhome are more complicated; where a designated travelling seat is available it must be used, however, where

there isn't one it's not illegal to travel in the rear without wearing one at present, although this could well change in the future.

In the interests of everyone's safety and peace of mind, Auto-Sleepers always recommend when travelling in the rear of a motorhome, it should be in a designated travelling seat with the three point seat-belts in use. Please note that adding

optional seatbelts reduces vehicle payload by 40kg.

Look out for the red seat-belt symbol next to the layout to indicate the availability of designated rear travel seats which have been tested and approved as fully compliant with European whole vehicle type approval for your total safety and peace of mind.

Situation	Front Seat	Rear Seat	Responsibility
Driver	Seat belt must be worn if fitted	-	Driver
Child under 3 years of age	Seat belt must be worn if fitted	Correct child restraint must be used	Driver
Child from 3rd birthday up to 135cm in height or 12 th birthday, whichever they reach first.	Correct child restraint must be used	Correct child restraint must be used where seat belts are fitted. Must use adult belt in rear seat if correct child restraint is not available.	Driver
Child 12 or 13 years of age or over 135cm in height	Seat belt must be worn if fitted	Seat belt must be worn if fitted	Driver
Adult passengers	Seat belt must be worn if fitted	Seat belt must be worn if fitted	Passenger

ASK YOUR LOCAL DEALER ABOUT THE RANGE OF TV AND MEDIA OPTIONS AVAILABLE FOR YOUR AUTO-SLEEPER MOTORHOME

SERVICE YOU CAN COUNT ON

The Auto-Sleeper Service Centre caters specifically for the needs of the motorhome, campervan and caravan owner. Located around the corner from the Auto-Sleeper factory in Willersey, near Evesham, Worcestershire. We offer annual habitation checks, accessories and modifications. Additionally, we can also offer motorhome, caravan and campervan repairs, accident or insurance claims.

The Service Centre technicians have many years' service with the company and are fully trained. Although specialising in Auto-Sleeper models, work can be carried out on any type of vehicle

or caravan irrespective of make but please note we are unable to undertake warranty work on other manufacturers vehicles.

The habitation check covers the motorhomes/ caravan chassis, body, fixtures, fittings and include full gas and electric system checks. Base vehicle servicing and Mot's can be arranged off site if necessary.

Dedicated to customer care, the Service Centre offers a comfortable waiting room, refreshments and mains hook-ups for an overnight stay.

AUTO-SLEEPERS PARTS DEPARTMENT

The Auto-Sleepers Parts Department aims to provide parts for Auto-Sleepers old and new. When contacting this Department, customers should have to hand the Auto-Sleepers production number of their vehicle (this can be found in the vehicle glovebox). We endeavour to provide parts for older vehicles, but are unable to guarantee to supply parts that are no longer manufactured by our suppliers.

NEW PARTS & ACCESSORIES SHOP NOW OPEN

Auto-Sleepers is excited to introduce a new accessory shop within the Service Centre, offering a range of high-quality accessories and upgrades for your motorhome or campervan. Whether you're looking for solar panels, satellite systems, or essential outdoor equipment, the shop provides convenient access to carefully selected products, with expert advice available on-site. Visit the Service Centre to explore the latest accessories and enhance your Auto-Sleeper experience.

AUTO-SLEEPERS MOTORHOME WARRANTY

You can be confident about owning an Auto-Sleeper, because we are confident about the way in which we build them. The conversion work of every Auto-Sleeper is covered by our own three year warranty* scheme plus and an additional three year water ingress warranty*.

The cover is not restricted to mileage and protects all aspects of the motorhome.

*Terms and conditions apply, please refer to your handbook for further information.

FIAT WARRANTY

Fiat provides a manufacturer's warranty for the base vehicle (as supplied to Auto-Sleepers) for a period of two years. For any issues with the base vehicle please contact your local Fiat dealer.

Your base vehicle warranty is subject to the terms and conditions contained in the respective chassis manufacturers' service literature. Your vehicle must be serviced in accordance with the chassis manufacturer's requirements.

12 Months Fiat Camper Assistance

All new Fiat motorhomes come with 12 months Fiat Camper Assistance - the dedicated roadside assistance service for Fiat motorhome owners.

Owners of Fiat motorhomes can benefit from the following:

- 1500 service centres throughout Europe
- Roadside assistance 24 hours a day
- Fiat Customer Care Call Centre.

For this service call the universal multilingual telephone number 00800 3428 1111# - for Ducato motorhome owners (even those with older models) in 13 languages and available in 44 countries.

Services include:

- Information (also to callers who are not Ducato customers)
- Customer Care
- Roadside assistance for Ducato customers, 24 hours a day, 7 days a week.
- An alternative number is also available: +39 0244412160.

#free depending on country and operator.

Please Note: The MRO is the mass of the unladen vehicle, including an allowance for the driver (assumed 75 kg) and a 90% full fuel tank. The MRO is calculated with the fresh water tank empty. If you travel with water in the freshwater tank then the User Payload will reduce accordingly. The optional automatic gearbox on the Fiat chassis will increase the MRO by 50 kg and therefore reducing the user payload by the same amount. All masses and weights are subject to a tolerance of +/-5% complying with the European Directive 1230/2012. All motorhomes in this brochure conform

to the European Standards for Motorhomes: EN1646 -1, EN 721, EN1949 and EN 1648-2. They have also been granted European Whole Vehicle Type Approval to EC Directive 2007/46. We would strongly advise against modifying vehicles in any way that could affect the validity of these Standards or Directives.

The Maximum User Payload includes:

- Conventional load, is the allowance for passengers
- Essential habitation equipment includes items and/or fluids required for safe and proper functioning of the habitation equipment. Optional equipment is items available from the manufacturer over and above the standard specification.
- Personal effects, items not effected by the above.

CAMPERVANS - Standard & Optional Equipment Overview
